For further information contact KAON on **07 3180 1470** or **info@kaon.com.au**

Let’s get to work.

Installation

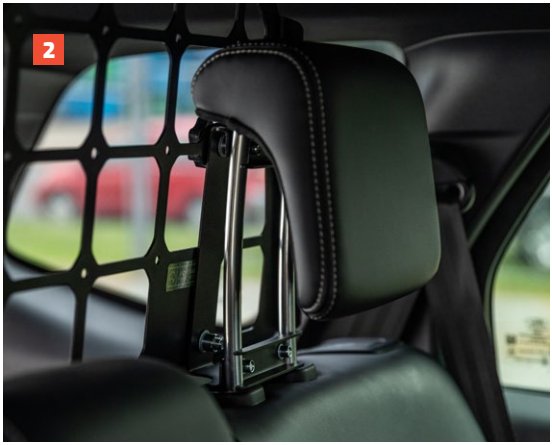

1. Lift up the head rests and attach head rest bracket using the clamping brackets and M6 bolts. The shorter end of the bracket should be at the top of the head rest.

Installation cont.

2. Attach the barrier to the headrest brackets using the supplied M10 knobs supplied.
3. That's it, you're done! The barrier can be quickly removed by uninstalling the plastic knobs.

NOTICE

This barrier has not been tested to Australian Standards, and is intended as a pet barrier or for use when off-road. We cannot confirm compatible fitment of the this barrier with child restraints, due to the number of possible variations. Whilst it may work with your configuration, we recommend the use of a seat belt protector where any contact occurs between any seat belt or restraint and the barrier.
